

REUSE OF PAPER BAGS IN ACTIVITY LESSONS

Kateřina Humpolov

Abstract

Students at lower primary school get acquainted in ecology, the issue of sources wasting and with one of the strategies of waste reduction - the reuse. The educational project is to make a small paper basket from paper strips gain from old paper bags used for grocery shopping, during activity lessons.

Keywords: *reuse, paper bag, ecology, activity lessons, waste*

Abstrakt

Žci na druhm stupni zkladn školy jsou seznamovni s problematikou ekologie, pltvn zdroj a jednou ze strategi omezovn pltvn - optovnho vy/používn zdroj. Vukovm projektem je pleten kořek z proužk papru zskanch z paprovch nkupnch tašek v hodinch pracovnchinnost.

Klev slova: *optovn využit, paprov taška, ekologie, pracovninnosti, pltvn*
